

Pen Licence

To earn my pen licence and become an Apprentice Scribe, I must make sure that throughout a piece of writing:

- All letters, including capital letters, are formed correctly.
- Tall letters, including capital letters are the correct height.
- Letters with tails are the correct length.
- Small letters are the same size.
- Letters sit on the line correctly.
- Spaces between words are even.
- All letters are joined correctly.

To keep my pen licence and become a Scribe, I must make sure that I keep up this standard of handwriting throughout all of my work.
