16 March 2017

Dear Jayne,

Congratulations on being eligible for an Educational Outcomes award!

I'd like to warmly congratulate you, your staff and your students on your excellent performance last year. On behalf of SSAT I'm pleased to announce that this means you're eligible for a national Educational Outcomes award for 2016.

Each year SSAT releases the **Educational Outcomes database**, combining three official DfE and Ofsted sources into one database providing key contextual and performance data on every state-funded school in the country, exclusively for our members. Schools can use this to profile and benchmark their achievements, and SSAT use it to identify recipients of the SSAT National Educational Outcomes Awards in the categories of attainment, progress and closing the gap for pupil premium students.

We're delighted to announce that your school has achieved the SSAT National Award standard for Children's Attainment - top 10%

At SSAT we aim to raise the profile of the achievements of teachers today, highlighting the huge positive difference you're making to the lives of your students. We're holding regional member celebration events for our Educational Outcomes award winners across the country to share their exceptional work in the coming weeks. Join the SSAT network and you'll have the opportunity to attend a celebration event to receive your award in person, hear an invaluable policy update from an SSAT expert and network with other high performing schools in your region.

The benefits that come as part of the SSAT primary network include: Member exclusive area online (which hosts the Educational Outcomes Key Stage 2 database and the Framework for Exceptional Education), Innovation and Impact visits to schools across the country, weekly SSAT newsletter with news and policy updates, online professional learning community (KHub), discounted high quality CPD programmes, opportunities to showcase your school nationally. Individual membership is £325 for 12 months, for all of your staff to be part of the largest and longest-standing network of schools. As a new member you would also receive your award certificate and a logo that can be used for school promotion and marketing.

We've enclosed a membership information leaflet with more information and would be very happy to discuss this further with you. Please contact the team at primary@ssatuk.co.uk.

Our sincerest congratulations again to you, your team and your students.

With best wishes,

A handwritten signature in cursive script that reads 'Jo Corrigan'.

Jo Corrigan
Head of Primary Network, SSAT
