Dear Parents/Carers

Egg Decorating

Looking forward to Easter the children will be decorating Easter Eggs in school once again this year. School have purchased foam eggs to decorate and will supply craft things for them to use. However if your child wishes to bring in any decorations to use during the session that are of a personal choice they are quite welcome to do so. Please put those items in a marked bag/box for your child.

The egg decorating will take place during the morning of Thursday 1st April and this will be an exciting social time for the children. The eggs will be judged during the afternoon by a member of staff and a prize awarded to each class. The children will bring them home the same day. School will take photographs so you are able to see the children's efforts.

There will also be a visit from the Easter chicken around the outside of the school classrooms and the children will be given an egg. This is being organised by the PTFA who will be supplying Easter eggs/chocolates for the children so I would like to thank them in advance and thank all of you who support them.

All the children will still get to join the Easter activities planned in their socially distanced bubbles so they won't miss out on the fun that they always have!

Yours sincerely

J Neveu
