Reception Class

The children have enjoyed learning about plants this term. They have grown their own bean plant. They have loved learning about how water travels up the stem like a straw and that dandelion seeds are waterproof.

Class 3 had a great time with the Knex Challenge this week. The task was to build a castle with at least one mechanism. Lots of them included a drawbridge, some of them had opening gates and there were one or two catapults as well. Everyone worked really well with their partners and came up with some ingenious designs. Choosing the winner was incredibly difficult as everyone had worked so hard but it was finally agreed that the winning pair was Murray and Ben who will now go forward and represent our school at the county final where they will have to give a presentation about their design.

The children have worked so hard this term and we are so proud of them all. They enjoyed a film and some little snacks as an end of term treat for all their hard work, we also had super fun playing the Boom Whackers and following the musical score for Twinkle Twinkle Little Star; well done Class 1.
