

Reception 2018- 2019

On -Entry Technology Questionnaire

Child's name: _____

Completed by: _____

Date: _____

Dear Parents and Carers,

We would like to know about the technology that your child uses at home, could you please complete this questionnaire below to let us know if your child uses any of the following (please tick);

- A remote control to choose their favourite channels on the TV
- CD, iPod or MP3 player to listen to music
- Radio (in the car or at home)
- DVD player
- Games console (e.g., Wii, X-box, DS, PS3, etc)
- iPad/tablet
- Mobile or home phone
- Sending a text message (with adult supervision)
- Camera
- Laptop
- Computer with mouse control
- Remote control toys (e.g. car)

What other technology does your child have access to at home? (Blenders, Mixers for cooking, Walkie talkies, Metal detector etc.)

What apps/games do they use?

Can your child use a touch screen device for a purpose? (Drawing, Skype, FaceTime etc.)

Thank you for your time, this information will help to inform planning of your child's use of technology in their EYFS Learning Journey in Reception 2018.

Miss Robinson

- To achieve *Expected* children need to experience a range of technology
- For both *Expected* and *Exceeding* accessing information from parents and carers provides a breadth of attainment not necessarily available to the teacher from the classroom provision. i.e. skyping daddy in New Zealand, playing on smart phone, using DVD.
- *Exceeding*- having an identified need and making choices about the technology needed to achieve their goal i.e. what is the best tool to do this? The intent is important
