

CLASS 3 SPELLING LISTS SUMMER TERM 1 2020

Below are the spelling lists for the first half of the Summer Term.

These lists contains up to ten words which are either linked to science work or apply spelling rules you have already been taught in class.

For each list, you should:

- Learn the spellings as you would for our normal weekly tests.
- Choose **five** words (one per day) to explore using the Vocabulary Investigation sheets. These are the same as we have been using for Vocabulary Preview work in Guided Reading this year. There are three different sheets for you to choose from for each investigation.

At the end of the five spelling lists, you will find a list of websites and apps that you might find useful to help with learning your spellings.

Week Beginning: 20th April 2020

LO: to spell high frequency and cross-curricular words

LIST 1	LIST 2	LIST 3
