# Part A: Pupil premium strategy plan

## Statement of intent

Regardless of starting point, social background, past experiences or any other social or educational barrier or external factor, our aim is to inspire our children in their learning by providing all children with a rich, broad and balanced curriculum. Our intent is to ensure they have opportunities for cultural capital experiences, well being support that will help to remove any barriers to their learning at Deerhurst and Apperley C of E Primary School.

Our Key statement of intent relating to objectives for spending the Pupil premium are currently:

- *To ensure all PP children achieve inline or better than their peers to narrow the gap in attainment*
- *To provide pastoral support, where identified for children*

*Proposals during the school year:*

- *Continue to teach in dedicated sessions, phase led for focus and continuing the use of NTP (maths)*
- *Reading opportunities - additional*
- *Ensuring any intervention is re-evaluated and effective, termly*
- *Target Vulnerable children for SLT (English)*
- *Support all identified children with small in class , out of class for intervention and SENDCo support*
- *Continue with Build Happy/Forest School/Bubble Time for pastoral support*

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

When making decisions based on the challenges faced by PP children it is important to remember and recognise that these challenges are fluid and for some children can change from term to term. It is important to re-evaluate the situation to enable any barrier identified by school is removed or lessened. We consider the context of the school and challenges faced, and all children will need support but when children have complex family situations this support may be even more crucial. Staff need to be trained to help

remove any barriers that we recognise do or can prevent the wellbeing and learning of the children.

Challenge number	Detail of challenge
1	<i>Nationally, PP children are in the lower attainment bracket</i>
2	<i>To provide pastoral support, where identified for children and identified resources</i>
3	<i>Financial constraints on all families, including those who are members of PP families may be challenged currently and have an impact on extra-curricular activities and well being</i>

## Service pupil premium funding (optional)

**N/A currently**

Measure	Details
How did you spend your service pupil premium allocation last academic year?	
What was the impact of that spending on service pupil premium eligible pupils?	

**References to:**

***EEF Collaborative Learning – The impact of this is consistently positive***

***EEF Feedback – consistently used in class by teacher, peers and additionally feedback marking when revisiting marking to ensure understanding***

***EEF Metacognition and self-regulation – links well with Building Learning Power in school and how children ‘learn to learn’. Also works effectively with collaborative Learning approach and providing pupils with strategies***

***These approaches are successful in our setting and are high impact low cost with research that shows evidence of these approaches are consistently positive***
